## School Bond Plan Before Voters On Tuesday, May 18th

After much discussion and one major change, the county school board Monday afternoon set May 18 as the date for an election on a \$3,600,000 bond issue for proposed school expansion.

The major change involved setting back the election date from May 11 to May 18 following information from attorney C. D. Blackwell it was impossible to get an insertion of the advertising matter ready for publication.

The election will decide if county voters want to issue bonds for expenditure on school repairs and constructions as outlined in a previously adopted resolution.

The resolution adopted Monday, considering approval by the State Board of Education of the prior resolution which stated the need for the program and called for the expenditure, provided that the election be held May 18.

## New Prescription Man At Drug Store

The Carter-Geiger Drug store management in Canal Point announces appointment of W. M. Stephens, formerly of Miami, as the new head of the prescription department. James Vann, manager of the three migratory labor camps in the Pahokee-Canal area, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club. The speaker reviewed the history of the camps from the time they were built by the federal government, told how they are operated and pointed out their value as supply centers for farm labor.

Manning I. Keen, candidate for club president, headed the list of candidates recommended by the nominating committee. The annual election of officers will take place at next week's luncheon meeting.

## Dan McCarty Visited Pahokee Saturday

Genial Dan McCarty of Fort Pierce appeared in Pahokee last Saturday afternoon and presented his candidacy for governor. The Fort Pierce man has been gaining ground steadily during the past couple of weeks and his many friends say "Dan's the Man."

Mrs. Earnest Dopp of West Palm Beach was the week-end guest of Mr. and Mrs. Loel Lence. Mrs. Dopp, a former resident of Canal Point, is a teacher in the Conniston Road school in West Palm Beach.

## Glades Bands Get Checks From County

At Monday's meeting of the county commission checks were passed out to three high school bands of the county. Commissioners Lytal and Poston (who have one band in their two districts) designated \$100 each for the Palm Beach High School band. Commissioner Paul Rardin (who has two bands in his one district) divided his \$100 evenly between Pahokee and Belle Glade bands.

Rardin in commenting on the action of the board Monday said: "I handed the Pahokee check to Dennis Caudill and the Belle Glade check to Frank Hobson on Wednesday of this week. I don't want anybody to think that we didn't come in for our fair share when the checks were passed out."

## Bill Shands Spoke In Pahokee Tuesday

W. A. (Bill) Shands appeared in Pahokee on Tuesday evening and made a campaign speech before a fairly good sized crowd on Nola's corner. The gubernatorial candidate was introduced by Attorney B. F. Paty of West Palm Beach who was a candidate for the same high office in 1936.

Mr. Shands told his listeners that he was thoroughly qualified to serve as the state's chief executive. He pointed out that he is a taxpayer in nearly every eastern seaboard county in the state. His speech was kindly received by the voters. Immediately following his speech he left for Belle Glade where he was scheduled to speak thirty minutes later.

Mr. and Mrs. M. R. Hundley and son, Richard, left Tuesday for their home in Baton Rouge, La., after a visit of several days with their cousins, Mr. and Mrs. Lloyd Hundley, in Pahokee.

## Bacom Point Site For Glades Airport Is Inspected By CAA Officials Wednesday

### Senator Beacham Seeks Re-Election

Sixteen years of experience in the state legislature is offered by State Senator John R. Beacham to the citizens and voters of Palm Beach county in his bid for re-election in the May primary. Senator Beacham has served four 4-year terms as state senator and was chosen president of the senate in 1943.

The West Palm Beach lawyer visited the Glades in behalf of his candidacy and renewed acquaintances. The senator is widely and

favorably known and has a host of friends in the Glades area who are actively working for his re-election.

As a past president of the senate, Mr. Beacham comes in for top flight committee assignments which are always important to his home county as well as the state at large. In presenting his candidacy the senator says quite frankly that "there is no substitute for experience in the senate."

The Palm Beach county legislative delegation, with Senator Beacham as the senior member in the upper house, fought valiantly in the 1945 session for an increase in the state appropriation for expansion work at the Everglades Experiment station. The amount, Mr. Beacham said, was increased substantially and the Experiment Station is now working without the severe handicap of the past—lack of money.

In commenting upon his candidacy Mr. Beacham said, "I present my candidacy for re-election strictly upon the record I have made during the 16 years that I have served my people. In the future, and at all times for the betterment of my county and my state as a whole, I earnestly solicit the consideration of every voter in the county. I will deeply appreciate the vote and support of all."

Mrs. W. H. Vann and Mrs. Thad Whidden left Monday for Henderstonville, N. C., where they will spend two weeks at the Vann home.

### Two New Candidates For Pahokee Council

Two new candidates entered the political field in Pahokee this week. J. J. Frasure, Jr., announced his candidacy for a seat on the council in group one. The seat is held at present by Frank Shaugnessy. Robert S. Douthitt will seek a seat on the council from group two. Don Hillier is now the councilman.

Mayor Dick Richardson is opposed by John D. Rogers. Clerk W. P. Walker has no announced opposition. Chief of Police Altman Morgan is a candidate for re-election but to date has no opposition.

### McCampbell Asks For Top School Job

West Palm Beach Mayor George McCampbell is a candidate for superintendent of Palm Beach county schools and was in the Glades on Tuesday of this week meeting the voters.

Mr. McCampbell had the following to say about the school race: "The office of superintendent became vacant after the closing date for filing in the city primary election held in West Palm Beach last month. Many of my friends know that for years I have been preparing to seek election to this office when the opportunity presented itself. I feel that my record warrants your support in this all-important position which comes before the voters of the county but once every four years."

The West Palm Beach mayor pointed to the following qualifications: Attended Palm Beach County Schools. Graduate University of Florida. 12 years teaching experience in our schools. 3 times elected president of Palm Beach County Teachers Association. Understands problems of students, teachers, parents and taxpayers alike. Has served as City Commissioner in West Palm Beach for 6 years, also as Mayor, Property owner and taxpayer. Has shown the courage to stand up for what he thinks is right at all times. Pledged to devote his entire time and energy to our education system.

### Ed Fraser Will Speak In Pahokee Saturday

Edwin (Ed) Fraser of Macclenny will speak in Canal Point at 5:30 Saturday afternoon in behalf of his candidacy for state comptroller. Mr. Fraser is a former member of the state legislature and will present his qualifications for the office he seeks. He was elected to the state comptroller's office two years ago but a technicality prevented him from serving in the office to which he had been named by the people.

Bacom Point Airport was one step nearer realization Wednesday when three Civil Aeronautics Administration officials made an official inspection of the proposed site for the Glades-Palm Beach County heavy duty airport. The federal officials were accompanied on the inspection trip by County Engineer Jake Boyd, County Commissioners Paul Rardin and Lake Lytal and Jess Elliott of the Pahokee Lions Club.

Harold A. Wilde, district airport engineer of the CAA with offices in Jacksonville, William Turner, chief of the planning division of CAA, Lewis Phillips, chief of the paving division of CAA, both from Atlanta, made up the official group. Z. A. Geiger, Pahokee flyer, cooperated in the inspection and flew Mr. Phillips over the proposed site several times in order that he might get a good view.

The visiting officials "seemed pleased" with the site and plans and specifications are to be submitted shortly through channels to the CAA Airport Division. Palm Beach County plans to spend \$85,000, according to Commissioner Rardin who had this amount set up in the annual budget, for purchase of the land. This could not be wisely done until the CAA men expressed an opinion as to feasibility of an airport on the Bacom Point site. The CAA will go along with the county and furnish \$51,125 federal money to aid in building the port, Rardin said.

The 240-acre site, according to county and federal plans, will be opened initially as a light plane field, but eventually hard surface runways will be installed and the long range program calls for development of the airport for freight and passenger service. County commissioners hope that eventually planes flying from the field, which will be known as the "Glades-Palm Beach County Airport," will be a major factor in transporting vegetables produced in the mucklands. The new field will be a part of the county aviation division.

According to engineers the Bacom Point site is the only sand section available in this area for construction of hard surface runways.

Commissioner Rardin said that county and state plans call for improvement of highways to the airport. Bacom Point road will be completely rebuilt from the bank corner in Pahokee to the airport. A new county road a short distance north of Cardwell will cut across from the present Pahokee-Belle Glade road to the field. A county road from Chosen north will make access to the field easy from the Belle Glade packing house area. Two and one half miles of the Chosen-Bacom Point road have already been built, Rardin pointed out.

Mr. and Mrs. Inman W. Weeks spent the weekend visiting friends and relatives in Sarasota, Lake Alford and Sebring.

From where I sit... by Joe Marsh

Now It's Neckties  
Made of Milk!

Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Yes, modern science being what it is—seems like you can make "anything out of anything" these days. But in the case of milk, well

I guess drinking it is still a whole lot better than just wearing it.

Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation.

But from where I sit, most people who enjoy a wholesome beverage like beer or ale are moderate—because beer itself is a beverage of moderation.

You'll get much better performance with economy from Chevrolet's world's champion Valve-in-Head engine. It has the finest record of dependability of any automotive power plant! And Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Unisteel body-structure, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value... because it alone offers BIG-CAR QUALITY AT LOWEST COST!

# CHURCH OF CHRIST, SCIENTIST

"DOCTRINE OF ATONEMENT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, April 18.

The Golden Text is: "There is one God, and one mediator between God and men, the man Christ Jesus."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And I will set up one shepherd over them, and he shall feed them, even my servant David; he shall feed them, and he shall be their shepherd" (Ezekiel 34:23).

The Lesson-Sermon also includes

the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Explaining and demonstrating the way of divine Science, he became the way of salvation to all who accepted his word. From him mortals may learn how to escape from evil. The real man being linked by Science to his Maker, mortals need only turn from sin and lose sight of mortal selfishness to find Christ, the real man and his relation to God, and to recognize the divine ship" (315:32-7).

### ME'S BIBLE CLASS

The Pahokee Men's Bible Class continues to enjoy its usual good attendance and interest for which all interested are thankful. Many are unable to be present because of the harvest. These are missed more than words can express. A hearty welcome awaits their return. This Sunday's lesson, "The Return from Exile," as found in Ezra and Hagai should prove of much interest to those attending. Rev. C. A. Moberg will lead in the discussion. The Class Quartet will sing with R. Cowart directing the group singing. A most cordial invitation is extended to all unaffiliated men and visitors to attend. The class meets in Fellowship Hall on Bacom Point Road at 9:45.

## Cinematic Chatter

By Malcolm Millar

Never has Spencer Tracy portrayed a better bit of dramatic acting than in "Cass Timberlane," which is to be screened at the Prince Theatre, on Sunday-Monday.

Lana Turner is Spencer's leading lady and she certainly gets all there is in her part out of it. In the first part of the film she is a tom-boy, playing ball on the old sand lot with the boys, and knocking out homers like nobody's business.

Spencer is seen as a mid-Western judge, whose interest in Miss Turner buds and then blossoms into love.

Zachary Scott is again the nasty old villain, who steps in and almost wrecks a perfect set-up . . . But then, Zack has a knack for that.

Tom Drake, Mary Aster and Albert Dekker are the principal featured players, and it's a great show.

See you at the movies—Mal.

## Contest Develops Keen S. S. Interest

Swinging into a fine lead, the Junior Boys class of the Canal Point Methodist Sunday School taught by Mary Helen Hooks rounded Cape Horn and was the first class to plant its flag on foreign soil in the new Sunday School Contest. They have a comfortable lead of 3,000 miles over the Junior Girls Class and the Woman's Bible Class who are fighting it out in second place. All three classes have left their rowboats, and are now sailing in trim sailboats. Greatest advance of the week was made by the Woman's Bible Class with Mrs. W. P. Pope as teacher, the class righting their boat which was upset at the start and passing all of the other classes with the exception of the two mentioned above. Attendance last Sunday was 120, just five short of our goal of an average attendance of 125. . . . the latter figure being double that of the average attendance 1½ years ago. If you haven't seen how the contest works and if you are not now active in Sunday School, we invite you to join us in this joyful service of learning of the Master and sharing His Work.

"Facing Frustration" will be the theme of the sermon on Sunday morning at 11. The text will be found in the account of Moses' struggle as leader of the children of Israel and his final glimpse of the Promised Land before his death. We will seek an answer in the scriptures and an experience to the problem of why we so often are not allowed to see the fulfillment of our labors. In the evening service at 7:30 we will consider the message for today in the account of "Eleezer's Sword Grasp" which was so great that his fingers had to be pried from the hilt after the battle. How do we hold to our faith? A gospel song service

will precede the sermon.

The Methodist Youth Fellowship now meets at 8 p. m. on Tuesdays rather than the old time of 7:30 Thursdays. The Tuesday meetings are designed to avoid all conflict with other meetings.

The Young Married Fellowship enjoyed a fine evening of fun in the new Sunday School Building . . . the first party held there.

Hostesses for the evening were Kay Sears and Angella Sears.

No Junior Fellowship this week . . . special meeting on Wednesday, April 21 at 3:30.

Mr. and Mrs. Earl Maxson and son, Mike, and Mrs. Morris Adams were guests of relatives in Fort Lauderdale on Friday.

**NO TAX**

**FULLER

All Florida's Candidate for Governor

"I shall do everything in my power as Governor to correct this unjust levy. These boats and farm equipment do not use our highway system for which this tax is intended. . . our fishing and farm industries and other non-highway gasoline users should be encouraged by lifting this tax."

Fuller Warren means it when he says he will advance the interests of all the people of Florida. He is opposed to a general sales tax. He wants to return the State to "pine tree prosperity" through an effective reforestation program. He wants better farm-to-market

roads. He wants the aged and infirm to get a real break through an expanded Health and Welfare Program providing better old age assistance. And when he is your Governor, you won't have to "see any one to see" Fuller Warren. His door will be open to every citizen of Florida!

## Pahokee Band Off To State Meeting In St. Petersburg

An inspired Pahokee High School Band performed beautifully under the baton of Henry Fillmore of Miami, composer and past president of the American Bandmasters Association, in a concert at the April meeting of the Pahokee Parent-Teacher Association held in the high school auditorium on Thursday night of last week. Mr. Fillmore on several occasions has honored the Pahokee Band by appearing with the band on public programs as guest conductor.

The program included several of Mr. Fillmore's own compositions, three state contest and two "sight reading" numbers and a trombone duet by Jack Major and Billy Rawls. At the conclusion of the program Mr. Fillmore congratulated Bandmaster Robert O. Lampi for the excellent performance of his band.

On Thursday of this week the Pahokee High School Band left for the State Music Festival and Contest in St. Petersburg. At the recent District One Music Contest in West Palm Beach it was the

only Class C band to earn the privilege of entering the State contest by winning division one ratings in all phases of competition including concert playing, sight reading and drill. At the State contest it will compete in concert, sight reading and drill with the 10 other Class C bands throughout the state which also won the honor of taking part in the state festival at other district contests.

Since Bandmaster Lampi organized the Pahokee High School Band eight years ago it has consistently ranked high in competition with other groups of its class within the state. This year's 47-piece aggregation is the largest in the history of the band and this spring, with funds raised through PTA and public subscription, the band was completely outfitted with smart new "West Point style" uniforms of blue and white.

Included in the band's personnel are Margaret Powell, Betty Jo Barwick, Patsy Jensen, Dicky Atkins, Lois Echols, Helen Howes, Chandler McIlwain, Patsy Maxson, Charles McCurdy, Sidney Caruthers, Hele Stokes, Barbara Jenkinson, Carol Snyder and Blanche Stevens, clarinets; Murray Weeks, Herbert Walston, Charles Sears, Barbara Wilkinson, Calvin Padgett, George Scruggs and Robert Hutton, cornets; Betty Joe Brooker, Walta Nell Hull, Nina Russom, Gloria Henderson, Joan Sheppard and Ina Russom, saxophones; Joy Padgett, Barbara Wroten and Carol Snyder, flutes; Eddie Stanley, piccolo; Peggy Lyn Shirley, oboe; Steve Kirk, bassoon; Anna Lee Hurt, Myra Lee Cruikshanks and Dicky Johnson, horns; Frank Rozelle, Jr., and Tony Livey, basses; Lee Shirley and Eugene McCall, baritone; Jack Major, Willard McCurdy and Billy Jernigan, trombones; Dwight Geiger, Harlan Sears, and Ray Hutton, drums; Yvonne Fraser, bells. On parade the band is led by Joan McLarty, drum major, and Joan Tucker, Gwen Gant, Rita Fay Hurt and Rheta Abowd, majorettes.

Senior Class members who are serving their last year in the band include Margaret Powell, Lois Echols, Helen Howes, Helen Stokes, Barbara Jenkinson, Dicky Johnson, Joy Padgett, Barbara Wroten, Eddie Stanley, Betty Jo Brooker, Walta Nell Hull, Frank Rozelle, Jr., Harlan Sears, Ray Hutton, Gwen Gant and Joan McLarty.

### REPRESENTATIVE ILL

State Representative B. Elliott of Pahokee was confined to his home Wednesday and Thursday of this week on account of illness. Mr. Elliott is slowly recuperating from a serious operation performed last summer and it will be a while before he is fully able to be back in the harness.

## Methodist Women Hear Mrs. Maxson

Mrs. Earl Maxson presented the program at the April meeting of the Canal Point Methodist Woman's Society of Christian Service held at the home of Mrs. Donald Kepp with Mrs. C. L. Stuart, president presiding. Mrs. Maxson was assisted by Mrs. W. T. Blair and Mrs. J. P. Parker. Mrs. J. S. Harrington led the devotionals. Plans were made to send delegates to the WSCS conference in West Palm Beach this week. It was announced the group will sponsor a food sale on Saturday, April 17, with proceeds to go toward the purchase of flower baskets and palms for the church.

Mr. and Mrs. Charles A. Baker have returned to Gainesville after a visit with her parents, Mr. and Mrs. B. W. Wood, in Pahokee, and his parents, Mr. and Mrs. W. A. Baker, in Canal Point. Mr. Baker is majoring in agricultural engineering at the University of Florida.
